Product: Modular two-lane bench model “KUBB Y” with rectangular section, composed by a monolithic bench equipped with a base staff head.

Dimensions: length: 1864 mm;
width: 1438 mm;
height: 440 mm;
total weight: 1643 kg.

Material: The bench can be manufactured using reconstituted natural marble stones or white granite conglomerate.

Reinforcing: The bench is reinforced and endowed with bushes that permit its lifting, and that are covered with a Bellitalia plate after the placement.

Finishing: All surfaces are sandblasted, except for the seating surface that can be polished, to give the product a shiny effect, or bush-hammered, for a rough appearance. Surfaces are then covered with a transparent anti-decay coating, or, upon request, with anti-graffiti products. All edges are rounded or made blunt.

Handling: Use appropriate equipment when handling.

Installation: Place the bench on the flooring.
